RE: PICKLEBALL PADDLES DONATION

Dear Santa Cruz Pickleball Club,

On behalf of the Mission Hill Middle School, I want to extend a heartfelt thank you for your generous donation of 16 pickleball paddles to our PE program. Your support will allow more students to experience and enjoy the game, helping to foster a love for pickleball among the next generation.

Community support and partnerships like yours are essential in providing students with opportunities to explore new activities and stay active. Your generosity not only equips our program with much-needed resources but also shows our students the power of community and the importance of giving back. I am truly grateful for your support and the positive impact it will have on our students.

Sincerely,

Derek Kendall
Mission Hill Middle School Principal
